

Telecom Project 2011: Editorial Plan

| | | | | |
|--|---|---------------------|---------------------|---|
| <p>Communication Technologies & Equipment Magazine #1</p> | <p>Industry Focus: Transportation. Navigation Systems Glonass/GPS Telecom: Financing Priorities. Efficiency of Satellite Access to Internet. What is Broadband Multiservice Networks in Russia and Abroad? Special Commission Under The President of Russian Federation For Modernization And Technological Development: Results And Reports. New Possibilities for Data Processing Centers Cooling. Market Review: Automatic Telephone Switch Base. WiMAX vs LTE: Opinions. TETRA Networks: Business Model. Virtualization: Case Study.</p> | <p>13 Feb 2011</p> | <p>3 Mar 2011</p> | <p>Cabex 2011 MIPS 2011 Electronics & Transportation 2011 Multiplay Forum 2011 Wireless Broadband Russia Conference 2011 Actual Governmental Requirements in ICT Conference 2011</p> |
| <p>Communication Technologies & Equipment Magazine #2</p> | <p>Industry Focus: New Tendencies of Satellite Broadcasting For Big Industry Enterprises. How Much It Costs To Build Modern Data Processing Center? Automatic Telephone Switch Market: New Trends And Fundamentals. Changes For Governmental Legislation For Telecom Industry. Russian 3G Market. LTE Today & Tomorrow. Market Review: Wired Broadband Access. New Technologies Of Standard Services In Mobile And Stationary Connection. Operators' Effort For Customer: Competition, Tactics and Strategy. Satellite Broadband of Ka-Diapason. Fiber-Optic Communication Lines: Market Dynamics. Diagnostic & Measuring Equipment. Uninterruptible Power Supply: Connection Surety. Call Centers: Customers. What Do They Need? Radio relay Lines + IP.</p> | <p>10 Apr 2011</p> | <p>4 May 2011</p> | <p>Svyaz Expocomm 2011 Teleshoo 2011 Actual Governmental Requirements in ICT Conference 2011 Actual Matters of Efficient Radio Frequency Source Wideness 2011 Conference</p> |
| <p>Communication Technologies & Equipment Magazine #3</p> | <p>Industry Focus: Fuel & Energy Complex. Non-Geosynchronous Satellites. Private Satellite Communication: New Era or The End? 4G Networks. SaaS For Russian Business: New Ideas.</p> | <p>10 June 2011</p> | <p>29 June 2011</p> | <p>CISCO Expo 2011</p> |

| | | | | |
|--|--|-------------|-------------|---|
| | <p>"Green Technologies": Myths and Realities. IP-Telephony: Development Factors. Mobile Communication Networks And Systems: Perspectives. Unified Communications Like A Service. TETRA Projects Realization In Russia: Experience. Billing in Multiservice Networks. WiFi Access, Private Usage: Problems, Questions and Answers. Project Solutions For Data Processing Centers.</p> | | | |
| <p>Communication Technologies & Equipment Magazine #4</p> | <p>Industry Focus: Digital TV. How To Calculate The Network Capacity For IP Video Surveillance? Satellite Communication For Aviation. New Technologies For Data Processing Centers. Convergence In Telecommunications Industry: Experience And Interaction Of Communication Networks of The Future. Cloud Computing: Win-Win Business. IP Services: Development Perspectives. Market Review: Diagnostic & Measuring Equipment For Telecommunications. How To Offer New Service To The Market: Practical Manual For Operators. LTE: When We Will See It In Work? Mobile And Fixed Communications: New Possibilities For Convergence. Radio Relay Lines Moderisation.</p> | 25 Aug 2011 | 14 Sep 2011 | <p>Infosecurity, Documation & StorageExpo 2011</p> <p>SatRus Forum 2011</p> <p>CISCO Expo</p> |
| <p>Communication Technologies & Equipment Magazine #5</p> | <p>Industry Focus: Financing. Data Center: Ownership Cost. Corporate Automatic Telephone Switch Bases: Choosing Criteria. 3G vs 4G: Traffic And Profits Increasing Conflict In New Generation Networks. Trunk Networks In Russia: Development Perspectives. VSAT Networks In Russia: Development Perspectives. How To Organize Monetization Of Mobile Broadband Access? Professional Mobile Networks: Experience of Projecting. Cloud-Based Unified Communications. PON-Networks: Global Trends. Optical Cables For Atomic Stations. Uninterruptible Power Supply For Data Processing Centers: Review And Analysis.</p> | 12 Oct 2011 | 10 Nov 2011 | <p>NAT-Expo 2011</p> <p>Annual All-over-IP Business Forum 2011</p> <p>Wireless Mobile Solutions Conference 2011</p> |
| <p>Communication Technologies & Equipment Magazine #6</p> | <p>Industry Focus: e-Government. Data Processing Centers: Engineering and Building Standards. Wireless Technologies Development In Russia. Change To Cloud Computing: How Much It Will Cost? New Compression Technologies and Standards. WiMAX vs LTE, Standards Competition: Who Will Win? Optimization Of Broadband Multiservice Networks For Video Content Transmission. New Instruments For Operators' Profits Increasing. PON-Networks In Russia: Market Review. Satellite Communication Services Development In Russia And In The World.</p> | 1 Dec 2011 | 23 Dec 2011 | <p>CSTB 2011</p> <p>SST 2011</p> <p>Actual Governmental Requirements in ICT Conference 2011</p> |

Special Editions 2011:

| | | | | |
|---|---|--------------------|-------------------|--|
| <p>Broadband Multiservice Networks Buyers' Guide 2011</p> | <p>Typical Tasks And Complex Solutions. Equipment & Systems: Review. Services. Equipment For Multiservice Networks Installation, Maintenance and Servicing.</p> | <p>13 Feb 2011</p> | <p>3 Mar 2011</p> | <p>Cabex 2011 MIPS 2011 Electronics & Transportation 2011 Multiplay Forum 2011 Wireless Broadband Russia Conference 2011 Actual Governmental Requirements in ICT Conference 2011</p> |
| <p>Communication Technologies & Equipment Catalogue 2011</p> | <p>New Products, Realized Projects And Case Studies. Manufacturers and Distributors. System Integrators And Installers. Partners' Networks And Regional Installation Organizations.</p> | <p>30 Mar 2011</p> | <p>4 May 2011</p> | <p>Svyaz Expocomm 2011 Teleshoo 2011 Actual Governmental Requirements in ICT Conference 2011 Actual Matters of Efficient Radio Frequency Source Wideness 2011 Conference</p> |
| <p>Automatic Telephone Switch Buyers' Guide 2011</p> | <p>Telephone And Multiservice Commutation Systems of Operator's Class. Corporate Automatic Telephone Switch Bases.</p> | <p>10 Apr 2011</p> | <p>4 May 2011</p> | <p>Svyaz Expocomm 2011 Teleshoo 2011 Actual Governmental Requirements in ICT Conference</p> |
